MWCS-26—4

Sir,

With reference to Government Order No L.389-91/M1 18-26-2 dated the 15th July 1926, prescribing the procedure to be adopted in accounting for the donations graciously offerred by His Highness the Maharaja and His Highness the Yuvaraja, for the construction of dwelling houses suitable for the poorer classes, I have the honor to state that in accordance with para 1 of the order, the donations will as they are received have to be credited to Government in the State Accounts and contributions from Government equal to the amounts so received will have to be credited to the Mysore City Improvement Trust Board, in addition to the usual contribution provided for in the budget. This procedure is somewhat round about and, in lieu of the same, it is suggested that the donations may be paid direct to the credit of the Mysore City Improvement Trust Fund

I have the honor to be,
Sir,
Your most obedient servant,

The matter was settled in consultation with the Chairman of the Trust & he may be consulted with the matter

Owing to legal difficulty the amounts donated by Govt should be credited to State accounts & the contribution equal to such

The suggestion of the Comptroller to credit the donations to the credit of the City Improvement Trust Fund may not be approved

I. Secy may kindly consider, & he may like to consult the Advocate Genl, the Ch Engr Board of Revenue and Mr, however, I should like to see technical legal difficulties and any tracks of this nature may arise, necessary changes might be made in the proposed Ordinance, if we have a simple system, avoiding as little work as possible on all concerned

If payment has to be made from the State funds, there should be a grant voted by the Legislature annually, irrespective of the fact that there is a corresponding receipt on the other side why go before the L C?

The question is one of adopting the two alternatives

The balance of advantage undoubtedly lies in adopting the Comptroller's suggestion, which I would suggest

*The file is returned with compliments to the Secretary to Government Local and Legislative Departments*

*I entirely agree with the Comptroller and the Financial Secretary that it would be more convenient to credit the donations received from the Palace and His Highness the Yuvaraja to the respective Building funds directly instead of passing them through Government accounts There can be no valid legal objections to this course as under Section 25 of the Regulation the Trust Board is*

14 A copy of the City of Mysore Improvement Regulations (Regn III of 1903) referred to by the Chairman of the Improvement Trust is enclosed

15 I do not think the Chairman's views that Section 26 refers only to certain items of revenue accruing to the Trust Board is correct That section renders it imperative that all items of revenue accruing to the Board should be credited to the "City of Mysore Improvement Fund This is necessary if the Board should exercise powers vested in them under section 45 to recover arrears due to the Fund by the manner

Stated

16 I do not believe however that section 26 prevents the Trust Board from accepting any donation so long as no conditions are attached to the gift whilst present it being credited to the Fund as required by section 26 and dealt with as a part of Trust Board receipts. In the present case no conditions are attached and the donations may therefore be directly credited to the Trust Board without having to pass thro' Govt accounts

17 I have discussed this subject with the Hon'ble Dewan who agrees on reconsideration with the above views. A revised draft order will be submitted if approved

I think

18 It would have been unobjectionable & unassailable if the donations have been first credited Govt accounts & contributions to Rel-gious Institutions made by "Cochin Improvement Trust Fund"

19 If the course suggested is not acceptable, the donations may be credited to the "Fund" directly
